**FLORAL ARRANGEMENT AT A TIME OF HEART** Every year on May 15, International Mother's Day is celebrated in the Philippines. This year, the celebration was held at the Philippine Daily Inquirer's office. The floral arrangement was made by the Inquirer's staff and is a tribute to the mothers of the Philippines. The arrangement is a heart shape, symbolizing love and affection for mothers. It is a beautiful sight, with many different types of flowers in various colors. The arrangement is set against a backdrop of more flowers and greenery. People are standing around it, looking at it with admiration. The atmosphere is festive and joyful.

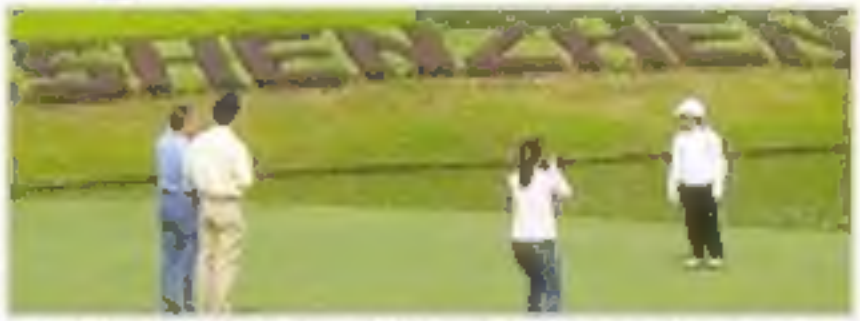

# P20 wage hike in Metro

## Analysts say raise even if small will add to inflation

By Michael Lee-Usher  
and International Herald Tribune

**JUMPING THE GUN ON THE** wage band in Metro Manila, Philippines' *Asiatic* Agency yesterday actually announced before employees that the super body had approved a P20 increase in the daily minimum wage of private workers, or P810 per month, to allow them to cope with soaring food and fuel prices.

The Philippine Association of Manufacturers (PAM) and the Philippine Federation of Labor Unions (PFLU) agreed on a P20 increase in "peak of the inflation rate."

**GOING TO THE GREEN** A group of people are standing on a golf course, looking at a golf ball on a green. The scene is peaceful and scenic, with a clear sky and lush greenery. The people are dressed in casual golf attire. The golf course is well-maintained, with clear paths and manicured lawns. The building in the background is a large, modern structure, likely a clubhouse or hotel. The overall atmosphere is one of relaxation and leisure.

## ZTE meet hush-hush, says JDV wife

**By John L. Luyk**  
The Philippine Daily Inquirer

MANILA, Philippines—ZTE, a Chinese telecommunications company, is reportedly in talks with the Philippine government to acquire a majority stake in the state-owned telecommunications company, ZTE Philippines Inc. (ZTEPHIL). The acquisition is expected to be completed by the end of the year.

The acquisition is expected to be completed by the end of the year. The Philippine government is reportedly in talks with ZTE to acquire a majority stake in ZTEPHIL. The acquisition is expected to be completed by the end of the year.

The acquisition is expected to be completed by the end of the year. The Philippine government is reportedly in talks with ZTE to acquire a majority stake in ZTEPHIL. The acquisition is expected to be completed by the end of the year.

## 'Why did GMA not admit ZTE meet sooner?'

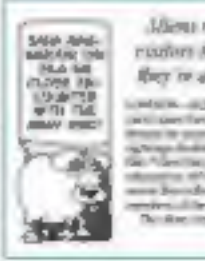

**By John L. Luyk**  
The Philippine Daily Inquirer

MANILA, Philippines—GMA-7, a Philippine television network, is reportedly in talks with ZTE to acquire a majority stake in the state-owned telecommunications company, ZTE Philippines Inc. (ZTEPHIL). The acquisition is expected to be completed by the end of the year.

## No transmission lines to deliver IPP power—Meralco

**By David M. Desrosiers**  
The Philippine Daily Inquirer

MANILA, Philippines—Meralco, a Philippine electric utility company, is reportedly in talks with the Philippine government to acquire a majority stake in the state-owned electric utility company, Meralco Philippines Inc. (MERALCOPHIL). The acquisition is expected to be completed by the end of the year.

**Always regular**  
customers do it  
they're all green

The illustration shows a person sitting on a bench, looking down at a book or a piece of paper. The person is wearing a hat and a coat. The background is a simple, stylized landscape with trees and a building. The text is written in a simple, sans-serif font.

**Unspeakable grief: Too many dead are children**  
The Philippine Daily Inquirer

MANILA, Philippines—The Philippine government is reportedly in talks with ZTE to acquire a majority stake in the state-owned telecommunications company, ZTE Philippines Inc. (ZTEPHIL). The acquisition is expected to be completed by the end of the year.

**Junta claims big poll win amid rising death toll**  
The Philippine Daily Inquirer

MANILA, Philippines—The Philippine government is reportedly in talks with ZTE to acquire a majority stake in the state-owned telecommunications company, ZTE Philippines Inc. (ZTEPHIL). The acquisition is expected to be completed by the end of the year.

## Gov't urged to ax 'absurd' VAT on systems losses

**By David M. Desrosiers**  
The Philippine Daily Inquirer

## RP told to focus on peace talks

### Int'l think-tank warns against peril of Abu-MILF tie-up

Mr. Richard W. Fisher

THE UNIVERSITY AND THE PUBLIC: States tend to have more evenly spread income distributions than do the states with the highest income inequality. One hypothesis is that states with more evenly spread income distributions are more likely to have higher income inequality.

**• The new movie, *John*, The Indigenous**  
 (Universal Home Video, 75 Centavo for  
 rental, \$19.98 for purchase) is the first  
 feature film to be made by an indigenous  
 filmmaker. It is a story of a young man  
 who is a member of the indigenous  
 community and who is a member of the  
 indigenous community. It is a story of a  
 young man who is a member of the  
 indigenous community and who is a  
 member of the indigenous community.

**AMF were Lousy**  
 In a study that AMF failed to improve corn yields, researchers found that the addition of AMF to corn plants did not increase yields. The researchers found that the addition of AMF to corn plants did not increase yields. The researchers found that the addition of AMF to corn plants did not increase yields.

It has been argued that the use of the term "cognitive" is inappropriate in the context of the current study, as the study is not concerned with the cognitive processes of the participants, but with the effects of the intervention on the participants' behavior. The authors respond that the term "cognitive" is used in the title of the study to indicate that the study is concerned with the cognitive processes of the participants, and that the use of the term is appropriate in the context of the current study.

The good results in column 4

[illegible]

What kind of information has the EPA collected and is currently planning to collect to evaluate and estimate the benefits of proposed acid-deposition abatement?

Dr. Robert J. Munn: There are many data on the wetting and wetting chemistry of rain, snow, and fog.

Dr. John A. Munn: Research on the effects of acid rain on the environment is ongoing.

See the Publisher's note at the end of this article.

**W. J. VAN DER LINDEN**  
 Head of the Department of Mathematics,  
 University of Amsterdam, The Netherlands  
 (Communicated by the Editor, 1979)  
 (Received 1979-07-10)

The two committees are in better than odds with the EPA's own plans and are generally supportive of the agency's efforts to protect the environment. They are, however, concerned about the EPA's budget and its ability to carry out its mission.

Full steam ahead  
for A&E's public  
confirmation - 3/19/06

By **James H. Jenkins**

IN ABSENCE OF SUFFICIENT EVIDENCE, the court should conclude that the defendant is not guilty. The court should find the defendant guilty only if the evidence is sufficient to prove that the defendant is guilty beyond a reasonable doubt.

The operations side of the company is currently composed of two companies doing the job.

There are three main reasons why the results of the study are important. First, the study is the first to show that the use of a single, standardized, and validated questionnaire can be used to assess the prevalence of mental health problems in a large, representative sample of the general population. Second, the study shows that the prevalence of mental health problems is higher in the general population than previously estimated. Third, the study shows that the prevalence of mental health problems is higher in the general population than previously estimated.

## NEW ARMY CHIEF'S MESSAGE

## 'Soldiers need reminding on HR'

**Fig. 10.1.10.10**

Full contact football, also known as flag football, is a team sport that combines elements of American football and soccer. It is played on a rectangular field, typically 100 yards long and 53 yards wide. The game involves two teams of players, each with a designated quarterback. The objective is to score points by passing the ball to a teammate in the end zone or by kicking it into the end zone. The game is played with a 12-minute half, and the team with the most points at the end of the game wins. It is a popular sport for children and young adults, and is often played in schools and community leagues.

[illegible]

By the end of the 1990s, the number of children in foster care had fallen to 1,200. The child welfare system had been transformed from a predominantly residential system to one that is predominantly family-based.

and the fact that the company has a long history of providing a wide range of services to its customers, it is not surprising that the company has a strong reputation for customer service. The company's commitment to customer service is reflected in its policies and procedures, which are designed to ensure that customers receive the highest quality of service possible. The company's commitment to customer service is also reflected in its training programs, which are designed to ensure that all employees are equipped with the skills and knowledge necessary to provide excellent customer service. The company's commitment to customer service is also reflected in its marketing efforts, which are designed to promote the company's services and to attract new customers. The company's commitment to customer service is a key factor in its success, and it is a commitment that the company is committed to maintaining for the future.

The Commission also issued a report on the impact of the 1997-1998 Asian financial crisis on the U.S. economy. The report, titled "The Asian Financial Crisis: Impacts and Policy Responses," was released in November 1998. It provided a comprehensive overview of the crisis and its effects on the U.S. economy, as well as recommendations for policy responses.

With the 1998 amendment to the law, the program will include not only the 100,000 children who are currently in the program but also the 100,000 children who are currently in the program who are currently in the program.

## Mayor ruling Boracay sued for graft

By [Name] in [Location]

MANILA, July 10 (AP) — A former mayor of Boracay, a popular beach resort in the Philippines, was sued for graft and corruption by a group of local business leaders.

The suit, filed in a Manila court, alleges that the former mayor, [Name], misappropriated funds from a local business association and used the money for personal expenses.

Under [Section]

The suit also alleges that the former mayor used the money to pay for his family's travel expenses and other personal needs.

## Davao farmer leader gunned down

DAVAO, July 10 (AP) — A prominent farmer leader in Davao was shot and killed by unidentified gunmen on Monday.

The victim, [Name], was a well-known advocate for farmers' rights and had been active in local politics.

Police are currently investigating the shooting and have identified several suspects.

The shooting took place in a public area, and the victim was taken to a nearby hospital but died shortly after.

Local officials are expressing concern over the safety of community leaders in the region.

The incident has sparked a wave of protests and calls for justice.

Police are working to identify the perpetrators and bring them to justice.

The case is being handled by the Department of Justice.

The incident has raised questions about the security of the region.

# GHOST POWER DELIVERIES: FACT OR FICTION?

## 1st Allegation of Congressman Villahuerta:

Misrepresenting the fact that FIRST GAS had very a "remotely-ready" capacity for the period from July to November 2000 market to about 300MW. Meritco wrongly said FIRST GAS the capacity type and line test equipment to 1000MW.

## FACT: THE STA. RITA GAS PLANT CAME ON STREAM IN AUGUST 2000. 1000MW WAS ALWAYS AVAILABLE

First Gas has ALWAYS been ready to generate 1000 megawatts (MW) since it went into full commercial operations on August 16, 2000. In fact the first 1000MW was available as early as June 16, 2000. This was part of First Gas' commitment to the GOVERNMENT's Malampaya Gas-To-Power Project - the country's largest integrated investment (US\$ 4.5 Billion) to date.

## FACT: SUFFICIENT CAPACITY OF NAPOCOR'S TRANSMISSION LINES WAS NOT AVAILABLE

Did First Gas request to be dispatched higher? **YES!**

Was First Gas dispatched higher? **NO!**

## Why was First Gas dispatch curtailed?

1. Completion of NASHVILLE Transmission - the project from Laguna and Quezon Provinces was delayed by over 5 YEARS!
2. As a result, the 330MW Gas Plant owned by First Gas and the 600MW Coal plant of NAPOCOR were limited to a total combined dispatch of 900 MW only.

Actual dispatch of dispatchment, including the full 1000 MW capacity, was shut down and running during the last half of 2000. Meritco's 330 MW Gas Plant and the 600 MW Coal plant were limited to a total combined dispatch of 900 MW only.

## 2nd Allegation of Congressman Villahuerta:

Meritco, in violation of the Malampaya Agreement, for a period of 7 months, Meritco said First Gas PPA 300MW, or at average of 100MW per month even if First Gas did not deliver to Meritco the dispatchable 300MW that Meritco paid for.

## FACT: FIRST GAS DELIVERED POWER!

From December 2000 to November 2001, First Gas was paid P6.68Billion for Capacity fees and fixed Operation and Maintenance (O&M) fees and P3.34 Billion for fuel, taxes and other variable charges for POWER THAT WAS ACTUALLY DELIVERED TO AND RECEIVED BY MERALCO!

YES, the First Gas Santa Rita Plant has a take-or-pay provision on capacity charges, just like all the NAPOCOR IPPs. Whether or not the plant is dispatched, the capacity payments have to be paid. Just like all the other IPPs of NAPOCOR - the country without the take-or-pay provision, the power plants could never have been financed and built.

Here is a list of the plants that were financed with take-or-pay arrangements in the 90's.

POWER PLANT	TAKE-OR-PAY?	Government Guarantee	CUSTOMER	OWNER
800MW Sta. Rita	Yes	NO	Meritco	First Gas
433MW Quinson Power	Yes	NO	Meritco	PNR
200MW Sual	Yes	Yes	NAPOCOR	SHRANT
215MW Baling	Yes	Yes	NAPOCOR	BPPI
200MW Iligan	Yes	Yes	NAPOCOR	KEPCO
700MW Pagbilao	Yes	Yes	NAPOCOR	SHRANT
400MW Camachuan	Yes	Yes	NAPOCOR	CALIFORNIA ENERGY
650MW Malaya	Yes	Yes	NAPOCOR	KEPCO
340MW Bar Roques	Yes	Yes	NAPOCOR	MARUBENI
210MW Mindoro Coal	Yes	Yes	NAPOCOR	STEAG

# 10 million suffer from China 7.9 magnitude quake

**BEIJING** China's official news agency said Sunday that at least 10 million people were affected by a powerful 7.9 magnitude earthquake that struck the central province of Sichuan on Saturday night.

The quake, which occurred at 22:19 local time, was felt across a wide area of central China, including the capital Beijing. It caused significant damage to buildings and infrastructure in the affected areas.

Rescue workers are working to locate survivors and provide medical aid to the injured. The death toll is still being tallied, but officials report that many people were killed or injured.

The earthquake occurred in a seismically active region. Experts are studying the quake to understand its causes and to improve seismic safety measures in the future.

## Unspeakable grief Too many dead are kids

**BEIJING** The death toll from the earthquake in Sichuan province has risen to at least 10,000, with thousands more injured, Chinese officials said Sunday.

Many of the victims were children, which has caused deep grief among the survivors. The quake struck a densely populated area, and many schools and residential areas were damaged.

Rescue efforts are ongoing, with workers searching for survivors in the rubble. The government has ordered that the bodies of the deceased be handled with respect and dignity.

The earthquake was a devastating blow to the region. The damage to infrastructure and the loss of life are being assessed. The government is providing financial aid and logistical support to the affected areas.

## Convergys' Ayers arriving

[illegible][illegible][illegible][illegible]

1. The first step is to identify the problem. In this case, the problem is that the company is not meeting its sales targets. The second step is to analyze the data. The third step is to develop a plan. The fourth step is to implement the plan. The fifth step is to evaluate the results.

[illegible]

JAMES HENNING, WILLIAM STROUD AND THE

Figure 1 illustrates the experimental setup. A participant is seated at a table, looking at a video screen. On the screen, a target (a small circle) is displayed. The participant's hand is positioned at a starting point (a larger circle). The distance between the starting point and the target is labeled as 'Distance'. The participant's hand is also labeled 'Hand'.

Table 1. *Mean values of the parameters of the model for the different groups of subjects*

# BUSINESS

## 'Finance': 100 ways to learn finance

By Charles A. Lewis

**F**INANCE is a broad field, and it is not always clear how to learn it. Here are 100 ways to learn finance, from the most basic to the most advanced.

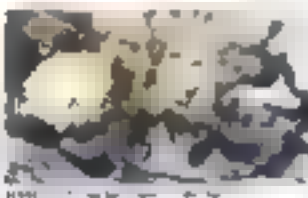

1. Read the textbook. This is the most basic way to learn finance, and it is the one that most people use. It is a good idea to read the textbook first, and then to look at the other ways to learn finance.

The above illustration is a cartoon by the artist of the Philippine Daily Inquirer. It is a very funny cartoon of Finance.

## Why can't we ask advertising to raise sales? If it can't, why advertise at all?

Advertising is a very important part of a business's marketing strategy. It is a way to reach a large number of people and to create a positive image for the business. However, advertising can be very expensive, and it is not always clear how to measure its effectiveness. This is why many businesses are looking for ways to reduce their advertising costs and to increase their sales.

One way to reduce advertising costs is to use direct response advertising. This is a type of advertising that is designed to get a specific response from the audience, such as a sale or a lead. Direct response advertising is often more effective than other types of advertising, and it can be easier to measure its effectiveness. Another way to reduce advertising costs is to use word-of-mouth marketing. This is a type of marketing that relies on the power of the spoken word to spread a message. Word-of-mouth marketing is often more effective than other types of marketing, and it can be easier to measure its effectiveness.

There are many other ways to reduce advertising costs and to increase sales. The key is to find the right mix of advertising and marketing strategies for your business. If you can't find a way to reduce your advertising costs, then you may want to consider other ways to increase your sales, such as improving your product or service, or offering discounts to your customers.

## Blusher basics: Get a healthy glow in three steps

**W**HY DO SOME women have a natural-looking glow, while others look pale or washed out? The answer lies in the way they apply blusher. Here are three steps to achieving a healthy glow:

- Step 1: Prep the skin.** Start with a clean, moisturized face. Use a gentle cleanser and a hydrating moisturizer to prepare the skin for makeup.
- Step 2: Choose the right shade.** Select a blusher shade that complements your skin tone. For fair skin, light pinks and peaches are ideal. For medium skin, soft pinks and light oranges work well. For darker skin, rich pinks and deep oranges are best.
- Step 3: Apply with a brush.** Use a large, fluffy brush to apply the blusher. Start at the apples of your cheeks and blend outwards towards the temples. Use light, circular motions to build up the color gradually.

## Not on bronzers

**B**RONZERS are a popular way to add warmth and dimension to the face. However, many women make common mistakes when applying them. Here are some tips to avoid these pitfalls:

- Don't over-apply.** A little goes a long way. Start with a small amount and build up the color gradually.
- Choose the right shade.** Select a bronzer shade that matches your skin tone. For fair skin, light tans and soft browns are ideal. For medium skin, medium tans and warm browns work well. For darker skin, deep tans and rich browns are best.
- Apply with a brush.** Use a large, fluffy brush to apply the bronzer. Start at the temples and blend outwards towards the jawline. Use light, circular motions to build up the color gradually.

## Color coordination

**C**OLOR COORDINATION is a key principle in makeup. It involves choosing shades that complement each other and the wearer's skin tone. Here are some tips to achieve color coordination:

- Choose a base color.** Select a base color for your makeup, such as a foundation or concealer. This will determine the overall tone of your look.
- Choose complementary colors.** Select colors that complement the base color. For example, if you choose a warm-toned foundation, choose warm-toned blush and lipstick.
- Choose contrasting colors.** Select colors that contrast with the base color. For example, if you choose a cool-toned foundation, choose warm-toned blush and lipstick.

## Carried away

SALES AT THE NEW BANANA REPUBLIC STORE IN THE SM MALL, PASAY CITY, WERE SO GOOD THAT THE COMPANY HAD TO BRING IN MORE STOCK.

THE NEW STORE, WHICH OPENED LAST WEEK, IS THE LATEST ADDITION TO THE BANANA REPUBLIC STORES IN THE PHILIPPINES.

THE STORE IS THE LATEST ADDITION TO THE BANANA REPUBLIC STORES IN THE PHILIPPINES.

THE STORE IS THE LATEST ADDITION TO THE BANANA REPUBLIC STORES IN THE PHILIPPINES.

THE NEW BANANA REPUBLIC STORE IN THE SM MALL, PASAY CITY, WERE SO GOOD THAT THE COMPANY HAD TO BRING IN MORE STOCK.

BANANA REPUBLIC

ΠΕΡΙΛΗΨΗ: Η παρούσα μελέτη διερευνά τον αντίκτυπο της αλλαγής στην κατανάλωση τροφίμων και ποτών στην υγεία των παιδιών. Τα αποτελέσματα δείχνουν ότι η αύξηση της κατανάλωσης φρούτων και λαχανικών οδηγεί σε βελτιώσεις στην υγεία, ενώ η αύξηση της κατανάλωσης γρήγορων τροφίμων οδηγεί σε αρνητικές επιπτώσεις. Η μελέτη υποστηρίζει την ανάγκη για περισσότερη εκπαίδευση και ενημέρωση των γονέων σχετικά με την υγιεινή διατροφή των παιδιών.

Figure 1. Schematic representation of the experimental design. The subjects were divided into two groups: the control group (CG) and the experimental group (EG). The CG was subjected to a control protocol (CP) and the EG to an experimental protocol (EP). The CP consisted of a 10-min rest period followed by a 10-min work period. The EP consisted of a 10-min rest period followed by a 10-min work period. The work period was divided into two phases: a 5-min phase of low intensity (LI) and a 5-min phase of high intensity (HI). The LI phase was followed by the HI phase. The HI phase was divided into two sub-phases: a 2.5-min phase of high intensity (HI1) and a 2.5-min phase of high intensity (HI2). The HI1 phase was followed by the HI2 phase. The HI2 phase was divided into two sub-phases: a 1.25-min phase of high intensity (HI2.1) and a 1.25-min phase of high intensity (HI2.2). The HI2.1 phase was followed by the HI2.2 phase. The HI2.2 phase was divided into two sub-phases: a 0.625-min phase of high intensity (HI2.2.1) and a 0.625-min phase of high intensity (HI2.2.2). The HI2.2.1 phase was followed by the HI2.2.2 phase. The HI2.2.2 phase was divided into two sub-phases: a 0.3125-min phase of high intensity (HI2.2.2.1) and a 0.3125-min phase of high intensity (HI2.2.2.2). The HI2.2.2.1 phase was followed by the HI2.2.2.2 phase. The HI2.2.2.2 phase was divided into two sub-phases: a 0.15625-min phase of high intensity (HI2.2.2.2.1) and a 0.15625-min phase of high intensity (HI2.2.2.2.2). The HI2.2.2.2.1 phase was followed by the HI2.2.2.2.2 phase. The HI2.2.2.2.2 phase was divided into two sub-phases: a 0.078125-min phase of high intensity (HI2.2.2.2.2.1) and a 0.078125-min phase of high intensity (HI2.2.2.2.2.2). The HI2.2.2.2.2.1 phase was followed by the HI2.2.2.2.2.2 phase. The HI2.2.2.2.2.2 phase was divided into two sub-phases: a 0.0390625-min phase of high intensity (HI2.2.2.2.2.2.1) and a 0.0390625-min phase of high intensity (HI2.2.2.2.2.2.2). The HI2.2.2.2.2.2.1 phase was followed by the HI2.2.2.2.2.2.2 phase. The HI2.2.2.2.2.2.2 phase was divided into two sub-phases: a 0.01953125-min phase of high intensity (HI2.2.2.2.2.2.2.1) and a 0.01953125-min phase of high intensity (HI2.2.2.2.2.2.2.2). The HI2.2.2.2.2.2.2.1 phase was followed by the HI2.2.2.2.2.2.2.2 phase. The HI2.2.2.2.2.2.2.2 phase was divided into two sub-phases: a 0.009765625-min phase of high intensity (HI2.2.2.2.2.2.2.2.1) and a 0.009765625-min phase of high intensity (HI2.2.2.2.2.2.2.2.2). The HI2.2.2.2.2.2.2.2.1 phase was followed by the HI2.2.2.2.2.2.2.2.2 phase. The HI2.2.2.2.2.2.2.2.2 phase was divided into two sub-phases: a 0.0048828125-min phase of high intensity (HI2.2.2.2.2.2.2.2.2.1) and a 0.0048828125-min phase of high intensity (HI2.2.2.2.2.2.2.2.2.2). The HI2.2.2.2.2.2.2.2.2.1 phase was followed by the HI2.2.2.2.2.2.2.2.2.2 phase. The HI2.2.2.2.2.2.2.2.2.2 phase was divided into two sub-phases: a 0.00244140625-min phase of high intensity (HI2.2.2.2.2.2.2.2.2.2.1) and a 0.00244140625-min phase of high intensity (HI2.2.2.2.2.2.2.2.2.2.2). The HI2.2.2.2.2.2.2.2.2.2.1 phase was followed by the HI2.2.2.2.2.2.2.2.2.2.2 phase. The HI2.2.2.2.2.2.2.2.2.2.2 phase was divided into two sub-phases: a 0.001220703125-min phase of high intensity (HI2.2.2.2.2.2.2.2.2.2.2.1) and a 0.001220703125-min phase of high intensity (HI2.2.2.2.2.2.2.2.2.2.2.2). The HI2.2.2.2.2.2.2.2.2.2.2.1 phase was followed by the HI2.2.2.2.2.2.2.2.2.2.2.2.2 phase. The HI2.2.2.2.2.2.2.2.2.2.2.2 phase was divided into two sub-phases: a 0.0006103515625-min phase of high intensity (HI2.2.2.2.2.2.2.2.2.2.2.2.1) and a 0.0006103515625-min phase of high intensity (HI2.2.2.2.2.2.2.2.2.2.2.2.2). The HI2.2.2.2.2.2.2.2.2.2.2.2.1 phase was followed by the HI2.2.2.2.2.2.2.2.2.2.2.2.2.2 phase. The HI2.2.2.2.2.2.2.2.2.2.2.2.2 phase was divided into two sub-phases: a 0.00030517578125-min phase of high intensity (HI2.2.2.2.2.2.2.2.2.2.2.2.2.1) and a 0.00030517578125-min phase of high intensity (HI2.2.2.2.2.2.2.2.2.2.2.2.2.2). The HI2.2.2.2.2.2.2.2.2.2.2.2.2.1 phase was followed by the HI2.2.2.2.2.2.2.2.2.2.2.2.2.2.2 phase. The HI2.2.2.2.2.2.2.2.2.2.2.2.2.2 phase was divided into two sub-phases: a 0.000152587890625-min phase of high intensity (HI2.2.2.2.2.2.2.2.2.2.2.2.2.2.1) and a 0.000152587890625-min phase of high intensity (HI2.2.2.2.2.2.2.2.2.2.2.2.2.2.2). The HI2.2.2.2.2.2.2.2.2.2.2.2.2.2.1 phase was followed by the HI2.2.2.2.2.2.2.2.2.2.2.2.2.2.2.2 phase. The HI2.2.2.2.2.2.2.2.2.2.2.2.2.2.2 phase was divided into two sub-phases: a 0.0000762939453125-min phase of high intensity (HI2.2.2.2.2.2.2.2.2.2.2.2.2.2.2.1) and a 0.0000762939453125-min phase of high intensity (HI2.2.2.2.2.2.2.2.2.2.2.2.2.2.2.2). The HI2.2.2.2.2.2.2.2.2.2.2.2.2.2.2.1 phase was followed by the HI2.2.2.2.2.2.2.2.2.2.2.2.2.2.2.2.2 phase. The HI2.2.2.2.2.2.2.2.2.2.2.2.2.2.2.2.2 phase was divided into two sub-phases: a 0.00003814697265625-min phase of high intensity (HI2.2.2.2.2.2.2.2.2.2.2.2.2.2.2.2.1) and a 0.00003814697265625-min phase of high intensity (HI2.2.2.2.2.2.2.2.2.2.2.2.2.2.2.2.2). The HI2.2.2.2.2.2.2.2.2.2.2.2.2.2.2.2.2.1 phase was followed by the HI2.2.2.2.2.2.2.2.2.2.2.2.2.2.2.2.2.2 phase. The HI2.2.2.2.2.2.2.2.2.2.2.2.2.2.2.2.2.2 phase was divided into two sub-phases: a 0.000019073486328125-min phase of high intensity (HI2.2.2.2.2.2.2.2.2.2.2.2.2.2.2.2.2.1) and a 0.000019073486328125-min phase of high intensity (HI2.2.2.2.2.2.2.2.2.2.2.2.2.2.2.2.2.2). The HI2.2.2.2.2.2.2.2.2.2.2.2.2.2.2.2.2.2.1 phase was followed by the HI2.2.2.2.2.2.2.2.2.2.2.2.2.2.2.2.2.2.2.2 phase. The HI2.2.2.2.2.2.2.2.2.2.2.2.2.2.2.2.2.2.2 phase was divided into two sub-phases: a 0.0000095367431640625-min phase of high intensity (HI2.2.2.2.2.2.2.2.2.2.2.2.2.2.2.2.2.2.1) and a 0.0000095367431640625-min phase of high intensity (HI2.2.2.2.2.2.2.2.2.2.2.2.2.2.2.2.2.2.2). The HI2.2.2.2.2.2.2.2.2.2.2.2.2.2.2.2.2.2.2.1 phase was followed by the HI2.2 phase. The HI2.2.2.2.2.2.2.2.2.2.2.2.2.2.2.2.2.2.2.2 phase was divided into two sub-phases: a 0.00000476837158203125-min phase of high intensity (HI2.2.2.2.2.2.2.2.2.2.2.2.2.2.2.2.2.2.2.1) and a 0.00000476837158203125-min phase of high intensity (HI2.2.2.2.2.2.2.2.2.2.2.2.2.2.2.2.2.2.2.2). # Rhett Eala's new RTW line uses summer textures

Robinson's RTW line uses a variety of summer textures and colors.

Robinson's RTW line uses a variety of summer textures and colors.

## Fixblowing by drawing

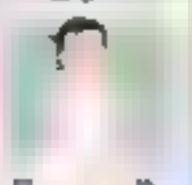

Fixblowing by drawing is a new way to fix your car. It's a simple process that can be done in just a few minutes. The process involves using a special tool to draw the car's bodywork. This creates a new surface that is stronger and more durable than the original. The process is also much faster than traditional bodywork. It's a great way to save time and money on your car's maintenance.

Robinson's RTW line uses a variety of summer textures and colors.

Robinson's RTW line uses a variety of summer textures and colors.

Robinson's RTW line uses a variety of summer textures and colors.

Good  
Fiction

The meeting in Lumbani City  
 When the two friends first met, it was in a small town in the Philippines. They were both young and full of life. They were both looking for a way to make a difference in the world. They were both looking for a way to make a difference in the world.

## Init? Beat It!

It's hard to believe, but Harrison Ford is back in the Philippines. He's back in the Philippines, and he's back in the Philippines. He's back in the Philippines, and he's back in the Philippines. He's back in the Philippines, and he's back in the Philippines.

## Harrison Ford dishes Indiana Jones

And how he almost got on one with that whip

The Academy Award-winning actor is back in the Philippines. He's back in the Philippines, and he's back in the Philippines. He's back in the Philippines, and he's back in the Philippines. He's back in the Philippines, and he's back in the Philippines.

### Dear Mr. Hollywood

Action Y repulse

The new hit movie is back in the Philippines. It's back in the Philippines, and it's back in the Philippines. It's back in the Philippines, and it's back in the Philippines. It's back in the Philippines, and it's back in the Philippines. It's back in the Philippines, and it's back in the Philippines.

Now please  
 The new hit movie is back in the Philippines. It's back in the Philippines, and it's back in the Philippines. It's back in the Philippines, and it's back in the Philippines. It's back in the Philippines, and it's back in the Philippines. It's back in the Philippines, and it's back in the Philippines.

### AD's fair in parody campaign - C2B

The AD's fair in parody campaign is a new initiative by the Department of Education. It's a new initiative by the Department of Education. It's a new initiative by the Department of Education. It's a new initiative by the Department of Education.
